

RocFall FAQ #3:

Q) I would like some more references on rockfalls, can you list a few?

Azzoni, A., Barbera, G.L., Zaninetti, A., Analysis and Prediction of Rockfalls Using a Mathematical Model. Int. J. Rock. Mech. Min. Sci & Geomech, Elsevier Science Ltd. Great Britain, Vol 32 No 8 pp 709-724 1995.

Badger, T.C. and Lowell, S. 1992. Rockfall Control Washington State. In Rockfall Prediction and Control and Landslide Case Histories, Transportation Research Record, National Research Council, Washington, No 1342, pp 14-19.

Bozzolo D. and Pamini R. (1986) Simulation of Rock Falls down a Valley Side, Acka Mechanica 63, pp 113-130

Bozzolo, D., Pamini, R. and Hutter, K. 1988. Rockfall analysis - a mathematical model and its test with field data. Proc. 5th International Symposium on Landslides, Lusanne. July 1988, Vol. 1, pp. 555-560.

Bunce, C.M. 1994 Risk Analysis for Rock Fall on Highways. MSc thesis submitted to the department of Civil Engineering, University of Alberta, Canada. 129 pages.
