

Rocscience International Conference 2021

The Evolution of Geotech: 25 Years of Innovation

Call for Papers

Rocscience is pleased to invite geotechnical industry academics and practitioners to participate in the first version of the Rocscience International Conference on Numerical Modelling. The conference, which will take place online on April 20–21, 2021, is themed as "The Evolution of Geotech: 25 Years of Innovation". The objective is to analyze and discuss the latest innovations in applied geomechanics and emerging technologies with the potential to revolutionize the field.

Areas of Interest

- Tunnelling in challenging environments
- Open pits slope stability
- Numerical modelling of high-stress environments
- Settlement and Foundation Engineering
- Artificial intelligence and virtual reality technologies in geotechnical engineering
- Advancements in probabilistic analysis of slopes
- Advancements in three-dimensional geotechnical analysis
- Dynamic and Liquefaction Modelling
- Discrete fracture network modelling of rock masses

Guide for Authors

We invite authors to submit an abstract of 200-500 words by December 7, 2020. The abstract must include a detailed description of the paper to be submitted to enable peer review. Please indicate the paper's title, author's name, author's professional title, company, address, telephone, fax, and email. If more than one author is named, please indicate who will be the corresponding author.

The deadline to submit abstracts is **December 7, 2020**.

Please click on the following link to submit your abstract: www.rocscience.com/learning/rocscience-conference.

The abstracts must be written in English. After the peer review, authors of selected abstracts will have to write full papers, which will then be published in the conference proceedings upon registration.

Important Dates

- Deadline for submission of abstracts: December 7, 2020
- Notification of acceptance: January 8, 2021
- Deadline for final paper submission: February 8, 2021

For any enquiries regarding the program, please contact me at reginald.hammah@rocscience.com

For all general enquiries, please contact ric2021@rocscience.com

We look forward to seeing you at Rocscience International Conference 2021.

Sincerely,

Reginald Hammah
Technical Chair
