

RocWiper

the server awakens.

We continue to receive requests to move from hardlock licenses to server-based licenses.

The main advantages of moving from hardlocks to server-based Flexible Perpetual licenses include:

- Licenses are centrally located
- Licenses can be used by multiple offices without fear of losing hardlocks
- Purchases are streamlined, maximizing opportunities for bulk discounts
- License renewals and Maintenance programs are synchronized
- Easier maintenance of license pool

In past *RocNews* articles we've answered some of the most common questions about *RocWiper*:
